

Cosmetic Seminar & Social

Please join our facial plastic surgeons for an evening of **education** and **fun**. Bring your friends for drinks and appetizers while you learn about the *latest* cosmetic treatments, procedures, and products to help you look your best.

Featured Patient: Shannon P.

Shannon attended our Spring Social to learn more about our state-of-the-art facial rejuvenation procedures.

After the social she had a private consultation to discuss her individual needs and had her rejuvenation performed over the summer.

After her procedures she is back to work with little down time and is extremely happy with her results.

Shannon will be available to discuss her procedures with you at our upcoming event.

This is a great opportunity to get candid answers to all your questions patient-to-patient.

We will be **RAFFLING** off many treatments (including BOTOX) for some of our lucky guests!

When: October 21st
6-8:30pm

Where: 8701 Clifton Way
Beverly Hills, CA 90211

RSVP: Sue Lockhart
sue@ohni.org
310-657-0123
